

Please contact me via email at sjwhite@natdoc.com if you are interested in trying an all natural treatment for obsessive/compulsive behaviour to try and reduce or eliminate your daughters' handwringing. I would require a one hour telephone consult at \$125.00 CDN to determine your daughter's symptoms and provide you with information on the drug. Additionally there would be the cost of the drug.

Thank you,
Sara-Jane White N.D.
